

Opennet Hospitality System presents... The “Custom Report Module”

Opennet Custom Report module is a reporting tool integrated with the Aloha POS software.

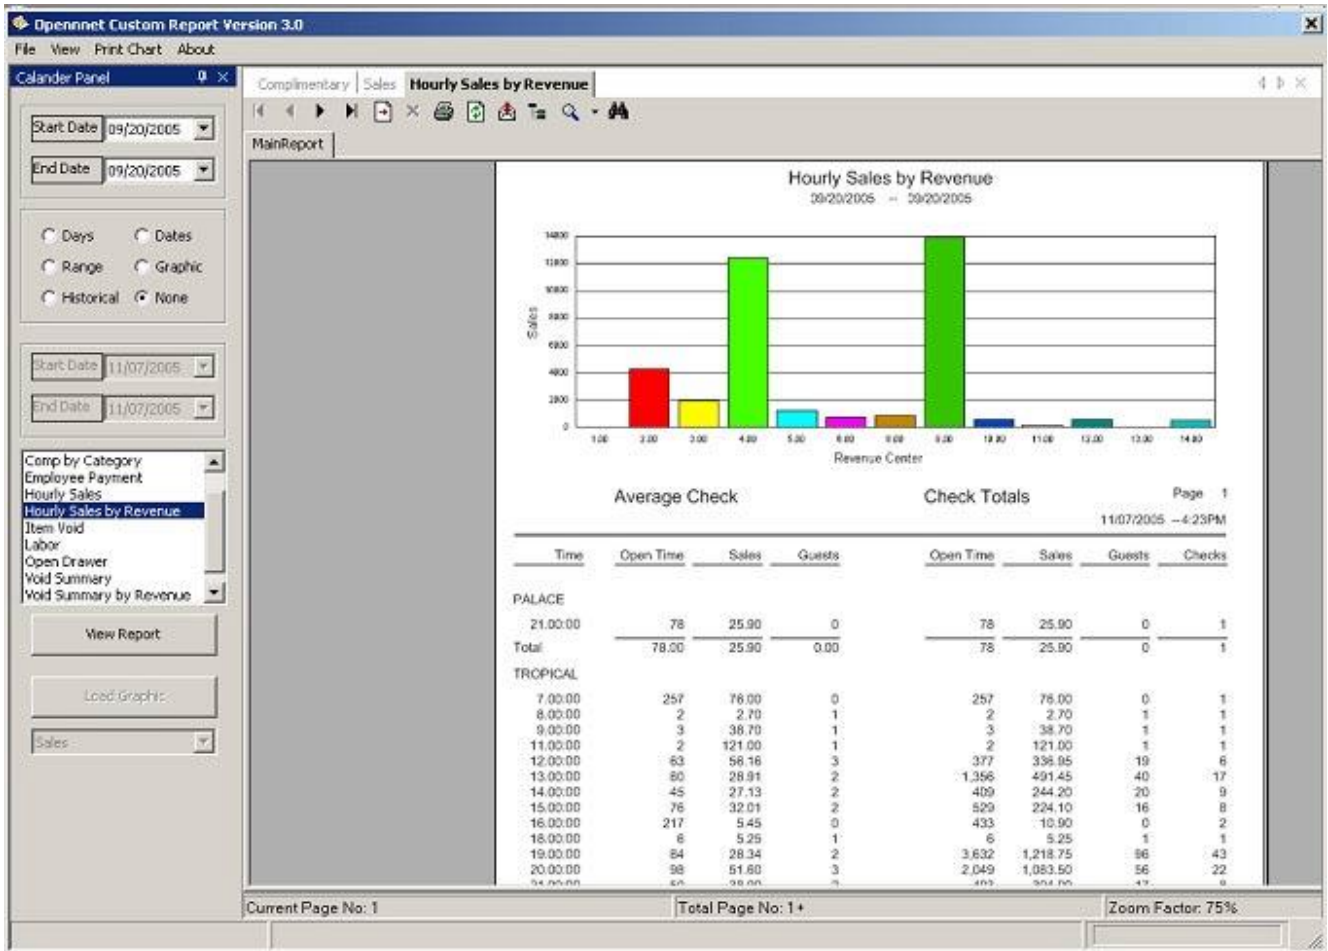

Key Features:

- “Custom Reports Module” for consolidated custom reports.
- Reports can also be viewed, printed and exported for “today’s” data.
- Reports are written with “Crystal Reports”
- Opennet Custom Reports comes standard with more than 30 different “Crystal Reports” and more to come.
- Graphical comparison charts are available for Sales, Complementary, Promotions, Voids, Taxes, Guests and Checks compared to last year data for: Day, Week, Month and Year
- Comparison reports can compare Days, Dates and Specific Date Range against last year’s data.
- Historical reports compares day, this year “month to date” against last year “month to date” and this year “year to date” against last year “year to date” and variances
- Charts and reports can be viewed, printed and exported through the same graphical interface
- Custom “House Account” reports
